

Section 1: navbar to be like having

In the place of uday reddy put Zeal patent designs and Home, About Us, Serives ,Work Samples ,Contact us

[Section 1:Home ,with a nice background image and tagline is Zeal Patent Designs - Precision That Strengthens Patents. And the background of this should be kind of moving video like

this kind of one but not exactly the same give a different image but which will be good for patent designing make the bulb to glow once and off kind of video which will look professional]

Section 3: About Us [in this section also give one image as example at side of the matter]

Welcome to the Zeal Patent Designs portfolio. We are a team of highly experienced patent illustrators, each with over 6 years of professional experience, providing precise and legally compliant patent drawings for patent attorneys, law firms, inventors, and corporate clients. Our work emphasizes technical accuracy, clarity, and consistency with established patent drafting standards, supporting a wide range of technologies including mechanical systems, medical devices, consumer products, and software-based inventions.

I want one more section over here which is why choose us

WHY CHOOSE US?

Contact : please do this in your way ph no: 9876543210

Email: Zealpatentdesigns@gmail.com

Section 5: this is separate page when we click on samples in navbar this page will be available
 Samples : this will work like when we click on utility it should show all utility drainings like that for all
 drawinfgs in the services

I want samples to be like this to look so I also want one hover effect when we touch the image it should zoom and when we remove cursor it should be normal , for now put white boxes as images like 10 boxes
